# Mākaha Flood Study

*This community meeting is part of the Mākaha Valley Flood Study, which is a bill that Representative Jo Jordan introduced that was enacted into law in 2012. The study is aimed at proposing solutions to address the areas in Mākaha Valley that have experienced flooding over the years. This first community meeting is to share the information gathered thus far and receive community input before finalizing the study.*

***We encourage interested individuals to attend and share their mana'o.***
