

North Kohala Agricultural Water Study – Survey

Online: <https://www.surveymonkey.com/r/LWXLLWZ>

1. What agricultural practices or farming are being done in the region, and approximately how much water is being used for it?
2. What water source(s) are being used?
3. Is the quality and the quantity of the water acceptable? If not, what are the issues?
4. What is the cost of water?
